## **PROCEDURE WHEN APPLYING FOR A NAPHA TOP 10 TROPHY RANKING**

If your client has successfully hunted a particularly grand trophy and you believe that this trophy could qualify for the NAPHA Top 10 Trophy Listing, you shall have to follow the following procedure in order to successfully apply for the recognition of a NAPHA Top 10 Trophy:

### **1. Photographs shall be required of the following:**

- a. Frontal view of the animal, clearly showing its head and horns
- b. Side view of the animal, clearly showing its head and horns
- c. Side - view photograph of the guide (you) and the client, along with the animal.
- d. Copy of the hunting permit with which this animal was hunted.
- e. Personal details of the hunting client.
- f. Personal details of the guide and the property upon which the trophy was hunted.

### **2. Complete a NAPHA Top 10 Trophy application form.**

This includes the measurements of the trophy applied for. In terms of the application, please remember the following:

- a. Only a SCI registered Master Measurer may measure the trophy being applied for.
- b. If you were the guide on the hunt; or if the animal was hunted on your property/ concession, you may not sign off on the trophy, even if you are a Master Measurer. The trophy will have to be measured by an independent Master Measurer.
- c. Ensure that the name and Master Measurer's number is clearly shown on the application form as incomplete applications shall not be considered.
